

Dear All

The Mass Spectrometry Summer School HP was recently linked from IMSC2012 official HP (<http://www.imsc2012.jp/>).

Please register a lot of students and young scientists in your society.

(Note)

Summer School 2012 HP (<http://mass.phys.sci.osaka-u.ac.jp/~ikeda>) will be held at Koya-san between Sept. 13 and 14 (right before 2012 IMSC).

The registration fee is JPY 2000 for foreign participants (including a mixer and lunch in day 2). Participants from foreign countries must attend IMSC 2012. The charge of accommodation in Koya-san is supported by the local organization committee of IMSC and MSSJ. The deadline of registration will be Jul. 14th. The maximum number of the attendees is 80. For those who stay in Japan for about a week, we will also arrange reasonable accommodations in Kyoto for students and young scientists as soon as possible.

Sincerely,

Shuichi Shimma, Ph.D (新間 秀一) [shuichi@mass.phys.sci.osaka-u.ac.jp]
